PARSEC ANTENNAS

ABOUT US

Since 2003, **Parsec Antennas** has been a **pioneering force** in wireless communications, consistently delivering **cutting-edge solutions** to meet the evolving demands of various industries. With a steadfast commitment to **innovation** and **quality**, Parsec proudly offers the largest selection of **high-performance, ruggedized antennas** for applications including mobile, public safety, enterprise, fixed wireless, and IoT.

Parsec antennas are engineered for **exceptional performance**, featuring **high gain, wide bandwidth**, and **robust designs** capable of withstanding harsh environmental conditions. As an American antenna company headquartered in Plano, Texas, Parsec ensures all products are manufactured and **rigorously tested in the USA**. This commitment to domestic production, combined with an **extensive patent portfolio of cutting-edge solutions**, guarantees superior quality control and agility in responding to market demands.
